

Date: _____

Dear Local Law Enforcement Partners,

Please be advised that PharMerica performs a critical role in providing healthcare pharmacy delivery services. While travel restrictions have been imposed in certain places due to the COVID-19 pandemic, our pharmacy remain open throughout the emergency period so we may provide life-critical services for our most vulnerable populations.

This employee, _____, helps fill, manage and arrange delivery of prescription medications and supplies to frail nursing home residents, elderly assisted living residents, and other medically complex patients at facilities in the area. As a result, I authorize this employee to travel outside of established curfews during the declared State of Emergency related to COVID-19 only when it is necessary to deliver critical medical supplies, pharmaceuticals, and/or healthcare delivery services to medical facilities or to travel to and from our pharmacy located at _____.

For verification or additional information about this employee's need to travel on the roads and highways, please contact me at _____.

Thank you for your commitment to assisting this individual as they perform an essential public health function.

Pharmacy Director
