

Date: \_\_\_\_\_

Dear Local Law Enforcement Partners,

Please be advised that ResCare HomeCare performs a critical role in providing home care services. While travel restrictions have been imposed in certain places due to the COVID-19 pandemic, our offices remain open throughout the emergency period, so we may provide life-critical services for our most vulnerable populations.

This employee, \_\_\_\_\_, helps seniors and individuals with intellectual and developmental disabilities remain safe and healthy in their homes. As a result, I authorize this employee to travel outside of established curfews during the declared State of Emergency related to COVID-19 only when it is necessary to deliver critical home care services and/or to travel to and from our office located at \_\_\_\_\_.

For verification or additional information about this employee's need to travel on the roads and highways, please contact me at \_\_\_\_\_.

Thank you for your commitment to assisting this individual as they perform an essential public health function.
